## Finger Paint Recipe

### Ingredients:

- ½ cup plain flour
- 2 cups water
- 1 tablespoon salt
- Food coloring or tempera paint powder
- 1 tablespoon dishwashing liquid - optional
- Small sealable containers

**Instructions:**

Add flour and salt to saucepan and slowly add water, mixing with a whisk until all combined. Heat over medium heat, stirring with whisk to prevent lumps. Once mixture has thickened and is smooth remove from heat and allow to cool. Once cooled, mix in the dishwashing liquid – optional. It will give the paint a smoother consistency and a glossy finish when dry. Separate into small containers and color with small amounts of either food coloring or tempera powder. If using tempera add a little water to combine. Store leftover paint in the refrigerator for a few days.
